

BOROUGH OF BAY HEAD

MAYOR WILLIAM W. CURTIS

April 2, 2013

To Whom It May Concern:

Roderick Scott, appeared at our February 20, 2013 Council Meeting and gave a presentation to our residents. His knowledge has been very valuable to our residents in trying to gather as much knowledge in trying to make informed decisions on structural elevation and relocation. Since it was a Council meeting held in mid February a number of residents were unable to attend and most are still displaced from their home. It would be very helpful if a second presentation could be done in the near future.

Sincerely,

William W. Curtis
Mayor
